

Economic Growth Region 9

Statistical Data Report for November 2012, Released January 2013

Regional and State Unemployment (seasonally adjusted)

Regional and state unemployment rates were generally lower in November. Forty-five states and the District of Columbia recorded unemployment rate decreases and five states had no change, the U.S. Bureau of Labor Statistics reported. Forty-three states and the District of Columbia registered unemployment rate decreases from a year earlier, six states experienced increases, and one state had no change. The national jobless rate, 7.7 percent, edged down from October and was 1.0 percentage point lower than in November 2011.

Nevada continued to record the highest unemployment rate among the states, 10.8 percent in November, followed by Rhode Island at 10.4 percent. North Dakota again registered the lowest jobless rate, 3.1 percent. In total, twenty-five states reported jobless rates significantly lower than the U.S. figure of 7.7 percent, nine states had measurably higher rates, sixteen states and the District of Columbia had rates that were not appreciably different from that of the nation.

Economic Growth Region (EGR) 9

Bartholomew, Dearborn, Decatur, Franklin, Jackson, Jefferson, Jennings, Ohio, Ripley, and Switzerland Counties.

Labor Force Projections

These are the official labor force projections for the State of Indiana released in November 2012 by the Indiana Business Research Center.

"If these projections by our partners at the Indiana Business Research Center hold true, it emphasizes how important it is for Hoosiers to be committed to lifelong learning," said Scott B. Sanders, Commissioner for the Indiana Department of Workforce Development, "The role of WorkOne as re-employment and training centers around the state is vital to employers having access to a world-class workforce."
